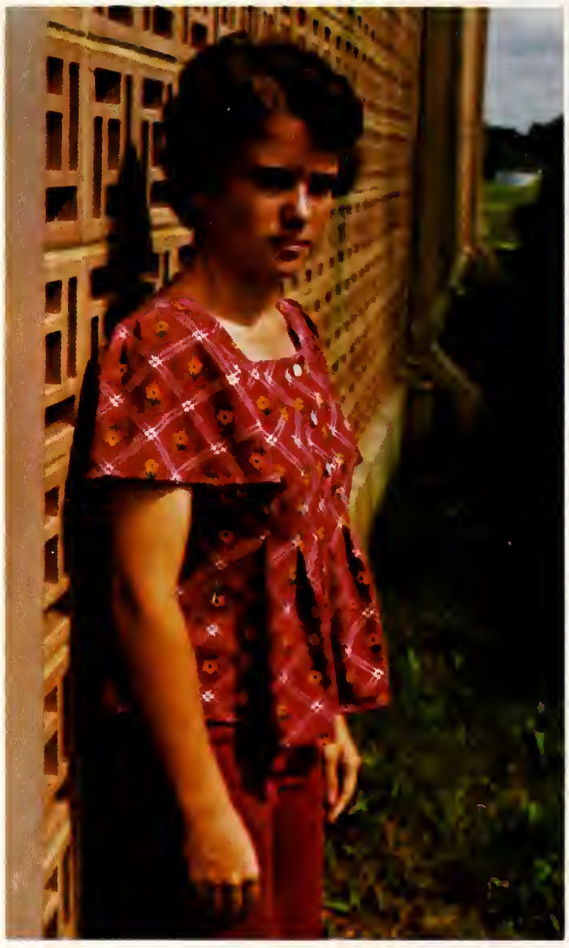
"The simple life"

The simple life is many things other than an uncomplicated schedule. It involves a mode of thinking; the idea of living a life free from unnecessary worry, or troubled thoughts. All that is needed is child-like faith that all things eventually work out for the best. Co-Lin students seem to have a way of looking at the brighter side of an issue. No matter what the problem is there's always time for a chat . . . time to share the newest (or oldest) joke on campus . . . time to stop and think.

The simplicity of Co-Lin is the pure fun of meeting new and interesting people . . . learning about yourself through observing others . . . finding yourself by witnessing your own interaction with new personalities that you have met . . . discovering that each person, often unknowingly, offers you some of his own personality to intertwine with yourself.

SOCIOLOGY



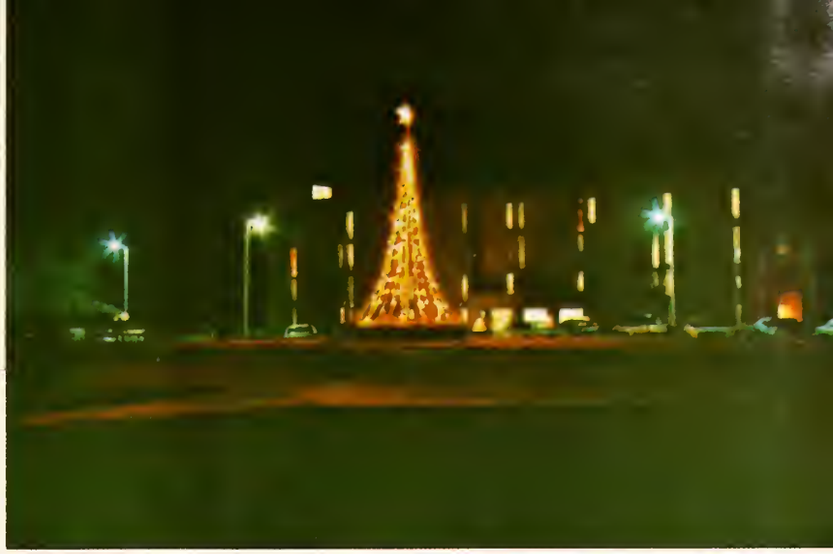
Many say that talk is cheap. How often this is true, nevertheless verbal communication is a necessity. Students at Co-Lin find talking a very enjoyable pastime. A glance, or a touch can communicate. But we use words for more universal understanding. However there is more — talking or communicating is another way to grow. The schooling we receive at Co-Lin is not only that knowledge found in books. In consists of the learning that we as people receive as we brush shoulders with other people. This is knowledge that we can't be tested on, except through life's experiences.

Excitement — a word with several meanings. Parties, dances, ballgames, for some. Sports provide great exhilaration. Being a spectator is a more fitting role for others. There is gratification in both. Being a participant in the "action" of life as well as in a ballgame has its drawbacks as well as sitting on the sidelines. Who is to say which is best?

Friends — what an elementary word. Friendships are something we learn as soon as we start to grasp the meaning of words. Yet the friends we meet in college will shape us and mark us for the rest of our lives. This is so much more than simple companionship. Our friends at Co-Lin substitute the security and love that we have known before only in a family unit. Often the closeness is a forever thing . . . sometimes not. Somehow change is inevitable. Even though many of us go our separate ways never to meet again — bonds remain.

Even though we anticipate the future, we cannot escape from the past. Copiah-Lincoln has a rich past . . . with its first opening as an agricultural high school in 1915; the first printing of the annual, "The Co-Lin," in 1925 . . . the college is known by the annual's first name, Co-Lin . . . and the adding of the junior college program in 1928. These early years were the simple years.

We at Co-Lin are essentially country people. It is said that country people are "simple." Often this is not said in a complimentary manner, meaning that sophisticated ideas and complicated life styles are needed to fully enjoy life. Admittedly, it is wrong to see things from only one point of view as many country people seem to do. Yet, it is possible to look from so many angles that the picture becomes blurred. As one author has phrased it, "Have you stopped to smell the roses?" Have we stopped to see the uncomplicated ways life is beautiful? Wesson is such a place.



Who, but a southerner, can understand or appreciate the slow serenity of our way of life? Little industrialism and sophistication has reached us; we have yet to experience the real rat race in which many of our northern neighbors exist. For this we should be grateful. We have not lost sight of the beauty of a smile . . . the sweet taste of an apple . . . the pleasure of seeing sunlight glitter upon water, or set in glorious colors at day's end.

As we turn to the simple things in life, we often start rediscovering the realm of nature that God has given us to enjoy. We learn that other people are one of the most awesome treasures ever given to man and that love is the most unparalleled of all.

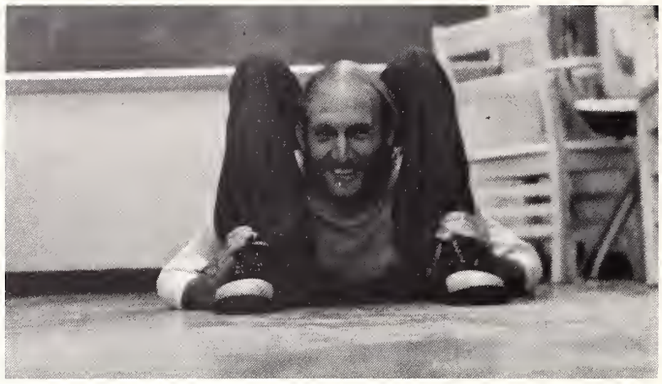
College expands under President's leadership

President Billy B. Thames has dedicated part of his life to the improvement of Copiah-Lincoln Junior College. His list of accomplishments is long. While a student at Copiah-Lincoln, he was selected to the college's first Hall of Fame and was an honor graduate. He continued his education at the University of Southern Mississippi where he received his bachelor of science degree and a master of science degree. In August, 1974, he was awarded his doctorate degree from USM.

Copiah-Lincoln Junior College has grown immensely since Dr. Thames became president in January, 1968. The campus has been transformed into one of progress and the Natchez campus has been added. Adult education has expanded and all programs have advanced.

Dr. and Mrs. Thames are the parents of three children, Rachel Lynn, Rebecca Leigh, and William Bass, Jr.

The simple life exists on campus . . . the quietness of a weekend or the front campus on a cold day . . . the close fellowship with friends . . . the enjoyment of coffee-houses with excellent entertainment . . . the complexity of college life . . . all make up our days at CLJC.



Life outside the classroom is what we make it . . . a conversation with a faculty member in the grill or on campus . . . yet the campus is big enough to share it with friends or to steal away for just a moment of rest . . . But regardless we work to help the school maintain its image outside the classroom.

All of this outlines part of Co-Lin's simple life . . . only a small fragment of the past 50 years that the Trillium has recorded the history of the college. As we look to the future, we predict many more hits in the years to come.

Trillium dedication goes to J. M. Lewis

A college is nothing without students and students can be nothing without teachers.

There are many things in life which we accept as matters of fact, without gratitude or appreciation.

Words alone cannot express the meaning of a single smile. So with a smile, with pride and with honor, the 1975 Trillium staff on its fiftieth anniversary dedicates the yearbook to:

**A person who came to Copiah-Lincoln Junior College in 1946 as a teacher. His teaching career began at Dixon School in Neshoba County and he taught one year at Brookhaven before coming to Co-Lin.

**A graduate of Copiah-Lincoln with an A. A. degree, B.S. and M.E.A. degrees from Mississippi State University, with additional work at the University of Mississippi, Mississippi College, and Mississippi State University.

**A son of a Methodist minister who lived all over South Mississippi and who graduated from Long Beach High School.

**A man who served a year and a half in the Army in the Middle East during World War II.

**A congenial gentleman who became registrar of the college in 1963 and who was a long-time principal of Copiah-Lincoln High School until 1968.

**A member of the Lions Club; Masons; American Legion; Mississippi Registrar's Association; Mississippi Education Association; Junior College Faculty Association; and former president of Copiah-Lincoln Education Association.

**A member of the First Methodist Church in Brookhaven where he has served as secretary of the administrative board.

**A person who is married to the former Maude Lancaster of Florala, Ala. They have two children, Larry, who works in New Orleans, and Rachel (Mrs. Bobby Freeman) who lives in Illinois.

**A person who became associated with Co-Lin in 1933 as a student and who has seen many changes over the years.

**A man whose hobbies are gardening and traveling.

The 1975 TRILLIUM presents the three graduating sophomores in the twenty-second selection to Co-Lin's Hall of Fame.

Each was nominated in open nominations, approved by a screening committee of his fellow students, recommended by a faculty committee on the basis of character, leadership, and contribution to Copiah-Lincoln. They join 62 other winners, dating back to 1954.

CO-LIN 13 NORTHWEST 12

Co-Lin slipped by NW by one, 13-12, on a rain-soaked field in Senatobia. Taking 8 plays to move the ball 47 yards after a Ranger fumble, Glass went in from 3 yds. out for paydirt. The PAT was no good. Just inside the second quarter, W. L. Johnson scored for NW. Chris Childress took the pigskin around right end to score for NW with 4:26 left. Neither team could get moving in the third quarter. After a series of exciting plays, Glass scored his second TD of the night, tieing the game 12-12. Kicking specialist Bob Bridges sent the PAT soaring through the uprights for the point advantage. Looked like a good season ahead.

CO-LIN 7 HINDS 7

Both teams struggled back and forth in the first ten minutes of play until an Eagle picked up a Wolf fumble and three plays later Jack Ducksworth scored on a 6 yd. pitchout from Rick Trusty. Bill Layacono's PAT was good. The big break for CL came only a few plays later when Hinds received a penalty. Darnell Charrier wasted no time in carrying the ball around right end for 36 yds. and a TD on a pitchout from Joe Boyles. Bob Bridges' kick tied it 7-7. Errors and miscues on the part of both teams dominated the whole second half. With only 11 seconds remaining on the clock, Hinds unsuccessfully tried a field goal, but it was wide to the right and no good, leaving the score at seven apiece.

CO-LIN 0 NORTHEAST 22

In the worst loss of the year, Northeast beat the Wolves 22-0 in a game played in Magee. With 2:51 left in the opening period, Tiger Rick Ewen hit Gary Bragdon on an 85 yd. TD pass. Steve Carter's PAT attempt was no good. Carter boomed a 40 yd. field goal in the second, leaving halftime 9-0. Ewen carried the TD in from the 16 yd. line, with Carter adding the PAT early in the third. Willie Alexander went around right end for 31 yds. and another score. And losing the game wasn't all — with 13:35 left a downpour came, practically flooding the field and sending thousands of fans running for shelter.

CO-LIN 13 PEARL RIVER 16

In what was to begin a series of narrow defeats, the Wolves fell to Pearl River's Wildcats 16-13. a 35 yd. field goal by Terry Adkins was the difference. CL received the opening kickoff and traveled 74 yds. in 16 plays with Charrier reaching paydirt after 5:22 in the first period. Charrier moved in from 1 yd. out behind the power blocking of the Wolves front four. Both teams struggled back and forth until Co-Lin punted to PR with just 44 seconds in the first half left. Lee Meitzler maneuvered the Wildcats to Co-Lin's 16 yd. line in just 5 plays and set up a 35 yd. field goal attempt by Adkins. The Wolves led 6-3 at half. In the third, a bad snap to punter Reggie Lea gave the Wildcats the break they needed and one play later Larry Tyrone took the ball around right end for 14 yds. and paydirt. Again they scored by sending Mike Powers in for the score. Adkin's PAT was good this time. Charrier and Webster Vital set up a second Wolf TD of the night as Tommy Glass went over from his 1 yd. line with 1:28 left in the game. Bridges' PAT was good.

Wolves stop Southwest

CO-LIN 21 SOUTHWEST 19

Undefeated Southwest came with high hopes, but left beaten. With 6:45 left in the first quarter, Charrier hit paydirt from 1 yd. out with Bridges' PAT good. Joel Moncrief picked his way through the Wolf defense in just 12 plays, hitting tight end Craig Hornsby for 9 yds. and a score. In the second, Self hit Randy Coker from 6 yds. out for the second Wolf score with Bridges adding the PAT. Early in the second half, Moncrief hit Jim Hutson on a 51 yd. pass for 6 points. Later Tom Womack went over for another Bear score with David McKey's PAT good. With 1:03 left on the clock, CL was faced with a fourth down try. Self send Charrier outside, around right end, untouched for 26 yds. and a score with Bridges' PAT good.

CO-LIN 10 EAST MISSISSIPPI 14

The nation's top team, East Mississippi, didn't leave such a bad homecoming defeat. Leading 10-0 for three quarters, the Wolves dominated all but the last quarter. Neither team could score in the first. Glass in the second ran for 6 yds. with Bridges' PAT good. Bridges booted a 34 yd. field goal, giving the Wolves a 10-0 lead in the third. With 21 seconds left in the period, Randy Lassiter went in from the 3 to give the Lions its first score. Ronnie Robertson added the extra point. In the final quarter, Larry Carr plunged for 5 yds. out with 10:45 left in the period. Robertson added the PAT. And Co-Lin lost to the nation's number one ranked team, but only by four points.

CO-LIN 7 JONES 14

Only 8 seconds into the second quarter, Glass put the Wolves on the scoreboard with a 16 yd. gallop behind the power blocking of Mike Creely and Bill Salters. Bridges added the PAT. Co-Lin's defense turned all the Bobcats' offensive efforts into a circus act and allowed them only one first down the entire first half. Running out of a shotgun formation, Gerald Wilson passed to Walter McNeill who in turn passed to Lavon Wilson for 50 yds. and paydirt. Randy McLeod's PAT was good. With just one minute left in the game, Co-Lin found themselves in a punting situation deep in their own territory. Seeping through from the right side, the Bobcats blocked the punt and carried it into the endzone for the winning score. McLeod added the extra point. Unbelievable!

CO-LIN 3 ITAWAMBA 6

Later winning the state championship, Itawamba edged the Wolves 6-3 in a makeup game near the end of the season. Bruce Gough was perfect on two field goal attempts, one for 33 yards and the other for 35, while Co-Lin's Bob Bridges got only one shot at the uprights, hitting from 28 yards out. A final attempt by Co-Lin's offensive to score was spoiled when Self fumbled on the Indians' 13 yd. line, giving the ball to Itawamba who ran the clock out. (And that team won the state championship?)

CO-LIN 13 GULF COAST 28

The Wolves dropped its sixth game of the year by losing to Gulf Coast 28-13. Henry Farmer scored first for the Dogs with Glover Hayden booting the PAT. Phil Lachussee hit Alvin Brooks for 22 yds. and a TD with Hayden adding the PAT before halftime. Brooks scored in the third with Hayden again perfecting his PAT record. Late in the third, Lachussee gave GC its last score with Hayden adding the PAT and the Wolves trailing 28-0. But the contest wasn't over as Lea caught a pass and brought it to the one. Charrier leaped over the goal line with Bridges adding the PAT. With only minutes left, Boyles intercepted a pass and returned it to the Bulldogs one yard line. Co-Lin moved in for the score with just seconds remaining in the game.

CO-LIN 34 HOLMES 7

A 34-7 victory over Holmes was the perfect finish to a disappointing season with a final 3-6-1 record. Charrier scored with a 6 yd. touchdown with Bridges adding the PAT. Butch Leggett intercepted a pass and returned it to the 11 yd. line after which Glass went in from the one to score. Bridges again kicked the PAT. In the second quarter, Johnny Draper scored for Holmes on a two yard run with Broder adding the PAT. Co-Lin scored with 5:30 left in the second when Glass plunged from one yard out. Bridges adding the extra point. In the third, Glass raced 63 yds. for the score with Bridges again kicking the extra point. Self went in from the 4 yd. line for the remaining Wolf TD with 6:32 left in the quarter. No scoring came in the fourth period.

Wolves end with 10-14 record

Posting the worst record in almost a decade, the Wolves had a 10-14 overall record.

The Wolves, runners-up to the Cumberland (TN) Tourney, lost in the opening rounds of the South Mississippi JUCO tournament to Meridian 61-55. The loss assured the state of a new champion, held in 1973 and again in 1974 by Copiah-Lincoln.

Coached by William Lewis, in his first year as head mentor, the Wolves, not nearly as strong as in the past few years, hit bad luck all year.

The loss in the south tourney gave the nod to some other team to enter the Region 7 tournament — a title held by the 1974 Wolves and to replace the Wolves as Region 7's representative to the national finals in Hutchinson, Kansas.

Wins during the season included over Volunteer State (TN) 76-66; Jones 103-96; Hinds 76-72 and 81-78; USM Junior Varsity 111-66; Louisiana Tech junior varsity forfeit and 84-70; Meridian 78-74; Pearl River 73-67; and over Pearl River 88-74.

Losses were to Southwest 69-74; 74-80, and 73-81; Hinds 73-81; Cumberland (TN) 59-72 in its invitational tournament; Delta 98-99 in double overtime; USM junior varsity 79-91; Utica 77-96 and 74-92; Gulf Coast 54-68 and 64-71; Jones 84-87 Meridian 83-98 and 55-61 in the south tournament.

Highlights of the year included the trip to Tennessee to the Cumberland Tournament, the game with Louisiana Tech junior varsity that ended in a forfeit after an 85-85 overtime tie, and win in Natchez over LT jayvees, and beating Hinds twice in regular play.

Student support of constant yells were at an all-time low and even the crowds were not the biggest in the school's history.

Sammy West was named to the All State team, while J Harrison was chosen to the second team, All State.

MDTA enrolls students in building trades

CETA starts program on campus second semester

Comprehensive Employment Training Act (CETA) was begun during second semester on Co-Lin's campus. CETA is composed of two components, an in-school program which gives the student an opportunity to learn and an on-the-job training program.

Those who enrolled second semester in the CETA program were in the areas of air conditioning, electronics, welding, machine shop, secretarial science, distribution and marketing, medical laboratory technician, auto mechanics, and heavy equipment mechanics. This was the first component of the program, the in-school training phase. Adult education was in charge of the on-the-job training program.

CETA is primarily for those who are unemployed, underemployed, or undereducated. The program helps to upgrade the skills and the educational level of the students at the same time.

Those in the in-school phase are taken on a referral basis from the Mississippi Employment Security Commission.

Teaching a production machine operator class in Hazlehurst during first semester was Mrs. Nona McManus. About 20 students were enrolled in the non-credit training program for an industry in the area.

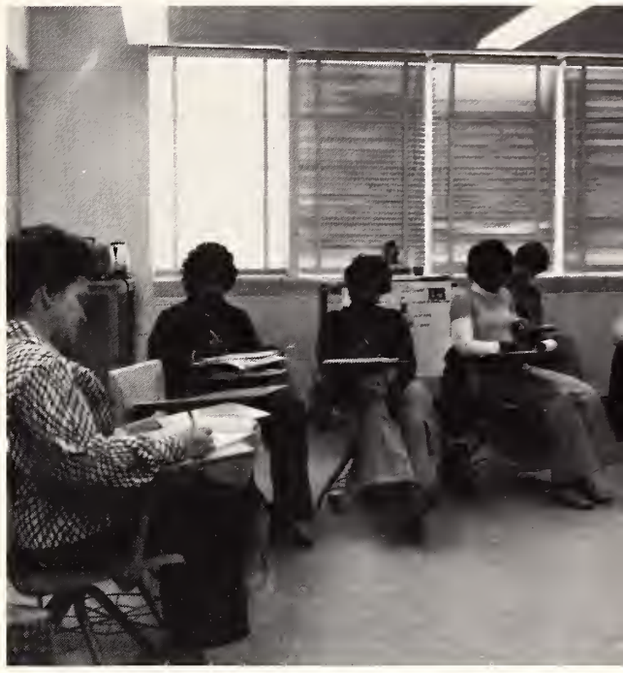
Rural health program opens on campus



Rural health program opened on campus this fall with 10 students from a five county area eligible for participation. The program, federally-funded, trains students to work with senior citizens through health departments.

As one of two programs in the state, sewing machine mechanics opened on campus this year. A specially-designed mobile unit was purchased for $12,000 to house the program. The mobile unit can be moved from town to town to train those in this field. Co-Lin is home for the program in South Mississippi.

Sewing machine mechanics becomes new study

Adult night classes attract hundreds of students

A wide variety of non-credit adult classes are conducted on both the Wesson and Natchez campuses during the school year, with several hundred taking advantage of the offerings.

The vocational-technical division of the college offers, among others, courses in auto mechanics; auto mechanics for women; cake decorating; cabinet making; upholstery; sewing; bricklaying; air conditioning, heating, and refrigeration; income tax preparation; Programming Cobol and key punch; industrial safety and first aid; housewiring; DC Circuits; shorthand; beginning and advanced typing; record keeping; beginning and advanced welding; electronics; supervisory training; auto mechanic tune-up; carpentry; basic drafting; machine shop; photography; commercial art; and nurses aid.

Off-campus campuses were taught in Crystal Springs in Emergency Medical Training and in Meadville and Hazlehurst in nurses aid. Others were planned for second semester.

Non-credit classes for adults are offered to those 16 years of age or older. Classes usually meet one night each week for three hours. Length of the course varies. A small charge is made to those enrolling in the night classes.

Upon completion of each course a certificate is awarded.

Purposes of night classes for adults in vocational-technical areas are to prepare, upgrade, or supplement adults in vocational and technical skills.

Adults upgrade skills through night classes

These pages on adult night classes show students in typing, sewing, electronics, programming, nurses aid, EMT, welding, machine shop, carpentry, and upholstery.

Night classes in various vocational-technical areas can be offered when ten or more demand that particular class.

Co-Lin offers several off-campus night classes in vo-tech each year.

Night classes offer new avocations

Workshops, clinics, conventions, meetings

Copiah-Lincoln Junior College, the educational center of the district, hosts many workshops, clinics, conventions, and other general meetings throughout the school year.

Typical of the clinics was a basketball clinic sponsored by Coach William Lewis and the annual basketball camp during the summer.

Meetings such as a joint legislative-supervisors meeting, a district 4-H Club meeting, and civic groups met on campus.

Appearances by Governor William L. Waller, Mississippi Senator John C. Stennis, and Representative Thad Cochran drew crowds.

Meetings of all types were held on campus during the year, helping Co-Lin to truly serve its district.

Senior Aides assist public service agencies

Copiah-Lincoln Junior College is sponsoring agent for the Senior AIDES program. Three years ago, Co-Lin became the only college of any type in the nation to have such a program. The program here is only one of two in Mississippi and one of 33 in the nation.

A federally-funded project, sponsored by the National Council of Senior Citizens through the cooperative efforts of the Department of Labor, the program is open to those 55 years of age or over who are unemployed or underemployed.

The program encompasses ten Southwest Mississippi counties, including Adams, Amite, Copiah, Franklin, Jefferson, Lawrence, Lincoln, Pike, Walthall, and Wilkinson.

Forty Senior AIDES are employed by Co-Lin and work on campus, at Southwest Mississippi Junior College, McComb, Tylertown, Woodville, Natchez, Monticello, Bude, Brookhaven, Enterprise, Bogue Chitto, Magnolia, etc.

Presently there are eight aides on campus. Here Aides (top to bottom) assist students. Mrs. Dollie Britt, Mrs. Grace Noble, Mrs. Margaret Tyson, and Mrs. Hattie Mae Hughes help students in various areas.

On campus the aides are employed as faculty aides, library aides, administrative aide, and bookstore aide. At Southwest, there are two bookstore aides and a library aide.

In towns and cities, aides are employed at hospitals, employment officers; Percy Quin State Park as recreation supervisors; as youth counselors; clerical aides; library aides; guide aides; dispatch aides; and teacher aides.

Edgar W. Martin, director of adult education, is administrator for the program.

Academic classes move off-campus

Accounting I was taught in Hazlehurst by Doug Izard.

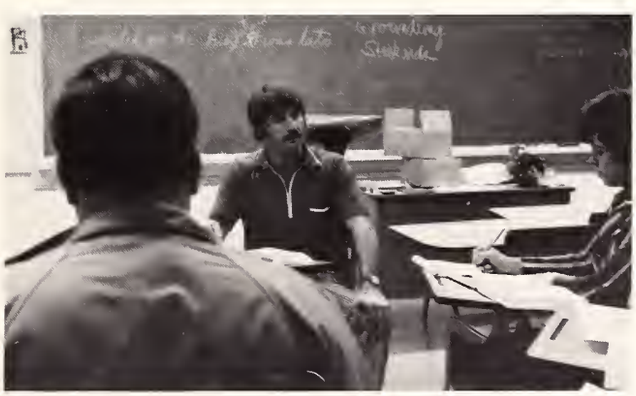
Lewis Weeks was instructor of Accounting I in Crystal Springs.

For the first time ever, academic classes were offered off-campus at Magee, Mendenhall, Crystal Springs, Hazlehurst, and Monticello by the Wesson campus and in Fayette and in Meadville by the Natchez campus. Classes in accounting and in English materialized in most places.

OFF CAMPUS FACULTY: John Brown, Magee; James Davis, Mendenhall; Mrs. Lois Russell and Bobby Don Miller, Monticello; Doug Izard, Hazlehurst; and Lewis Weeks in Crystal Springs.

Over 100 adults enroll in off-campus classes

Many working adults took advantage of Copiah-Lincoln's off-campus academic classes offered in their hometown. Here students in English 1113, with James Davis as instructor, meet at Mendenhall High School. Pictures below are Accounting 1214 in Monticello with Bobby Don Miller as the instructor. Over 100 adults enrolled in off-campus academic classes.



Adult basic education enrolls several hundred

Several hundred adults are expected to enroll in Adult Basic Education (ABE) during the 1974-75 school year. In the past three years over 2,500 persons in the district have taken ABE classes.

Adult basic education is offered to those 16 years of age or older who have not completed high school. Upon completion of the three cycles, a student may take the General Educational Development (GED) test, the equivalent of a high school diploma.

Instruction is from grades 0-12. Local teachers serve as instructors with classes usually meeting at the local high school.

Edgar W. Martin, director of adult education at Co-Lin, heads the ABE division, with Harold Luther Smith as part time counselor.

Classes this year were held at Magee, Calvary Bible Institute at Mendenhall, West Union, Crystal Springs, Wesson, Hazlehurst, Monticello, Jayess, Bogue Chitto, Loyd Star, Fayette, and Meadville.

There is no cost to attend adult basic education classes. Materials are furnished free of charge.

CO-LIN/N SIGHTS

Much work is put into the publication of each issue of the Co-Lin/N Sights. Gathering news, editing copy, and writing headlines take skill and time. Members of the staff work hard to accomplish their assignments and relate the news of the Co-Lin Natchez through the Co-Lin /N Sights. Journalistic knowledge and the procedure for publishing a newspaper are just a part of the valuable experience gained by the staff.

I need a book.

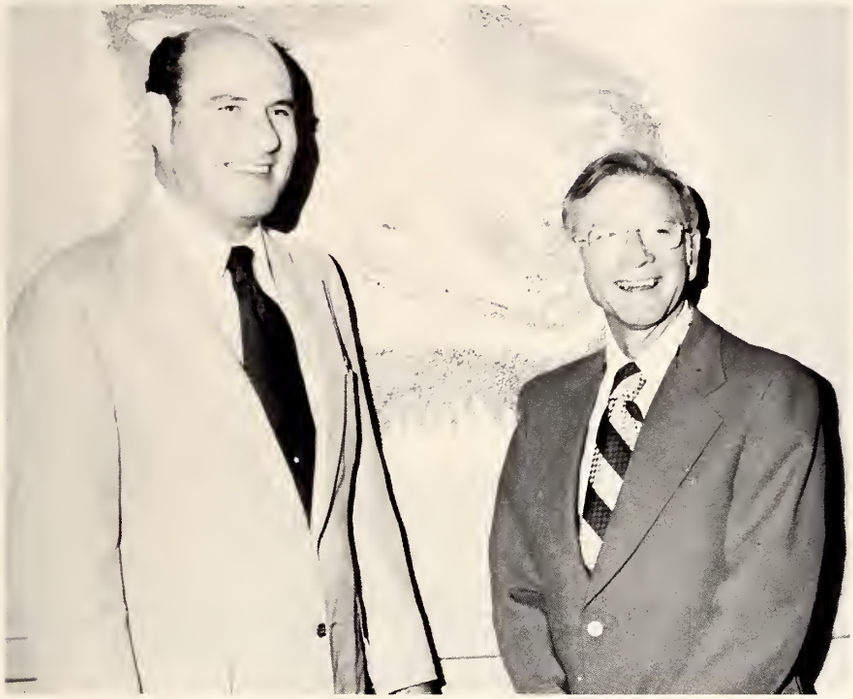
Dr. Jim Stribling becomes board chairman



Dr. Jim H. Stribling of Brookhaven is board chairman, while Lester R. Furr of Wesson is secretary of the board. Dr. Stribling became board chairman upon the resignation of W. S. Henley who served in that position for 40 years.

BOARD MEMBER G. L. Tutor of Magee, representing Simpson County, serves as the board's vice chairman. New board member, John Dow of Brookhaven, is also pictured.

Tutor, Furr serve as board officers

Copiah-Lincoln is fortunate to have an active Board of Trustees who meets monthly to transact business of the college for both campuses. One meeting is held during the year in Natchez.

TREES .. and Your Future

Twenty years from today, will the career you choose continue to offer you growth and challenge?

The pine seedling planted today will be a mature tree then, ready for making into paper and thousands of other products made from trees. Indeed, the South is secured by its fast growing forest and the industry it supports. No industry in this industrial nation has a more certain demand for its products than the forest industry, and you can be a part of it.

Think of the paper business. Think of tree farming and forestry. Timber is a crop, perpetuated and conserved by skilled forestry practices.

St. Regis, a leader in Southern industrialization and forest managemert, invites every ambitious youth to take a look at forestry as a profession, and the paper industry as a challenging career.

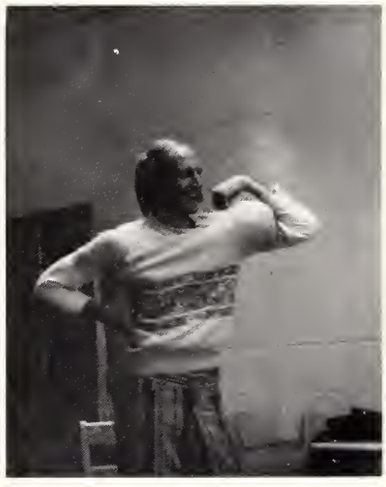
Personalities visit Co-Lin during year

Governor William L. Waller spoke to students early in the year. Waller, and we quote directly, said "Copiah-Lincoln Junior College is one of the greatest educational institutions in the whole world." Well?

MISSISSIPPI SENATOR John C. Stennis, one of the nation's most respected leaders, made a surprise visit to a district supervisors' meeting.

JOE WILLIE NAMATH brought all his gear with him to a library convention.

Representative Thad Cochran made a swing through campus before his re-election to the U S. House of Representatives.



CHARLES ATLAS came and demonstrated how to build muscles.

THE LENNON SISTERS performed to a full house, marking the biggest name entertainment since Freda Bomstead in the early 30's.

MR. CLEAN showed up one day, cleaning the mud and holes around the campus and in town. The Fourth Floor W C kept him busy . . . busy . . . busy.

VICA won first place honors with its homecoming display. A full day of activities was planned, including the golf and tennis tournaments. Homecoming day was also the fifth annual Wesson Flea Market — a parade in downtown Wesson featured Co-Lin's band and Colettes, the homecoming court, and the college cheerleaders. Several hundred attended the annual alumni banquet in Callendar Hall prior to the game. A coffee was held after the game with the East Mississippi Lions.

In memory of W. S. Henley

W. S. Henley, board member for 50 years and chairman of Copiah-Lincoln's board for 40 years, died October 14. Henley became a member of the board in 1924 and became board chairman in 1934, a position he held until the early part of 1974.

Upon his 50th anniversary as a board member, he resigned as chairman, but continued to serve on the board until his death.

A former president of the Mississippi State Bar, he was admitted to the bar in 1918. He held law degrees from Millsaps College and the University of Michigan, and a BS from Millsaps.

He was a member of the House of Delegates of the American Bar Association for 12 years and at one time was chairman of the American Bar's Standing Committee on Law Lists. He was an organizer of the Mississippi Bar Foundation and was a member of many professional, civic, and fraternal organizations. Mr. Henley was an active member of the Hazlehurst Methodist Church where he served as chairman of the board of stewards on several occasions and was active in various phases of church work. Copiah-Lincoln Junior College truly lost a friend in the death of W. S. Henley.
